NPIC/TDS/D-724-57  
2 March 1967

MEMORANDUM FOR: Chief, Technical Planning Staff

SUBJECT : Request for Microdensitometer Traces by [ ] for NPIC  
"GEMS" Contract

25X1

1. [ ] requires approximately 50 edge-traces from selected frames of operational photography. The form of these traces must be compatible with [ ] computer programs and the only Micro-D with this compatible output is at [ ]. These data are needed by [ ] in order to determine certain required parameters of operational photography so that GEMS can be specified which simulate these parameters.

25X1  
25X1

2. The photography on which the measurements are to be made has been selected by TID and [ ] personnel and could be shipped to [ ] once [ ] has agreed to do the work.

25X1

3. It is requested that permission be obtained from [ ] to do this work. Although the schedule is flexible, it would be desirable that these edge traces be performed during the week of March 20, 1967.

25X1

4. [ ] would like to be present when the [ ] personnel performs this work. [ ] holds TKN, SI clearances.

25X1  
25X1

5. [ ] is the NPIC contract monitor and should be contacted when permission is obtained from [ ] or if additional information is required.

25X1
